# Introduction

This is a great way to bring more interaction to your promotional raffle draws and engage your members in fun games.

Increase your customer engagement while increasing revenue, lowering your running costs and improving professionalism.

You pick! Allocate the prize values and the frequency to maximize your percentages. Changes to allocated prizes can be set the way you want to play the game.

All settings are password protected, plus the games come with full record keeping functionality.

Customized games are available on request.

Games can be used for cash, vouchers, prizes and points giveaways.

The whole interactive game is displayed on TV screens with wireless tablet control. All games are equipped with sound and prize announcements to help engage and clearly articulate what your guests have won, to take advantage of this make sure you have installed your MultiScreen as per the approved installation method.

# BEAT THE BOMB

This game allows a patron to win a prize if they 'beat the bomb'. Patrons 'light the fuse' to start. It takes about 20 seconds for the fuse to reach the top of the bomb. The bomb will explode randomly between 21 and 100 seconds. The patron presses the button before the explosion to win the displaying amount. Once the winning animation ends, they can then press the button again to see how much they could have won.

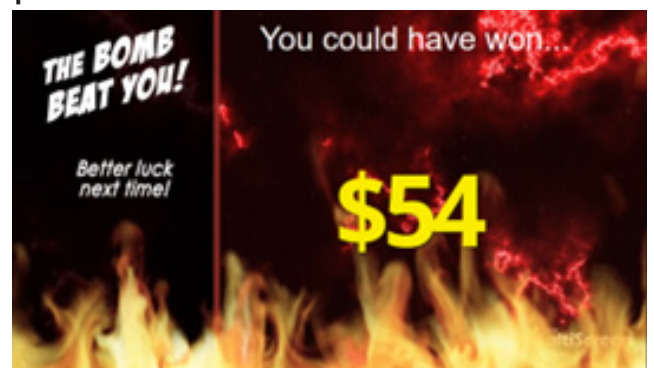

Patrons are invited to 'light the fuse'.

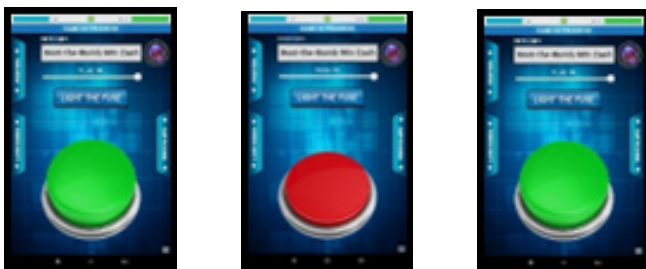

They win the amount on the bomb if they beat the bomb explosion.

They can then keep going...

To see how much they could have won.

# Promotion and Customization

MultiScreen provides you with a range of content to promote the interactive games. There are also templates for you to easily type in text messages, enabling you to inform your patrons about the games, what they can win and when the games are on. You can also add scrollers to the graphics and create an informative interactive games sequence on your MultiScreen, promoting the game to ensure a good attendance to the interactive games' events.

The games can be sponsored by business partners. There is a whole range of ways this can be done. In return for promoting their businesses on the clubs' MultiScreen, the businesses can have naming rights of the games, provide prizes in the form of cash or their products and services. For example, Spin the Joker Wheel could be sponsored by say, Ray White Real Estate. The prize could jackpot by \$50 weekly if the Joker is not spun. Pick-a-Box could be sponsored by tradies like plumber, electrician, tiler, painter and so on. As stated before, there are so many ways the interactive games can be conducted.

Interactive games can have their text, prize values and settings customized to your specifications. All minor customisations are included in the monthly costs. Minor customisations include; alterations to the values allocated to the games and the addition of logos to back grounds. Major customisations will attract extra charges. Major customisations include; the complete change of the template such as changing the images, changes to the name of the game, tchanges to the number of prizes available.

# Management

For added security, all games are password protected.

There is a full list of prizes with settings for the quantity and quota of each prize.

There is also a full audit trail of game splayed, with date and time of each draw, and a complete list of prizes and number of times drawn.
